This will be an early morning running group meeting for fellowship, fitness, and prayer. We will meet in the parking lot of Elite Fitness gym and run/walk together beginning at 5:30am. We will pick a pace that is comfortable for everyone and add walk breaks as needed. For safety we will stay together at all times as we run through the Orchard neighborhood. We will start with 30 minutes for running/walking and build up from there as the group wants to and is able. After we run, for a \$20 monthly fee, women will have the option to work out at the gym on that day only immediately after our time running. This will also be helpful for rainy/inclement weather. If you have paid this fee, then we can have our workout time at the gym instead of being outside. Liability forms will be available for any woman wanting to add this option. We will meet for the first time on Tuesday morning, August 28th at 5:30am. Feel free to call or text me about any questions.

STUDY

WE14 A PRESENT-DAY BIBLE STUDY METHOD

6:30 – 7:45 PM

ON CAMPUS: STARTS SEPTEMBER 5TH

This “*kairos*” method provides individual and small group studies of Scripture with additional tools and perspectives that can be applied within a short Bible study time. This method has the potential to more efficiently and effectively raise one’s level of learning and understanding plus establish a greater potential for revelation. The overall group should consist of all levels of personal Bible study backgrounds – from limited to more. The format includes a basic bible study process developed by Anne Graham Lotts, however, enhanced by online bibles (biblehub.com); concordances; and lexicons plus group interpretative interaction and cohort apologetics. It would be great if members could bring their iPhones, Ipads or computers but each group study should require only a couple of computers per group. The end results will be greater knowledge, understanding and appreciation of God’s truths as communicated through His Word and Work and a greater spiritual relationship with our triune God and our Christian cohorts.

TH5 TRAIN AND MULTIPLY: DISCIPLESHIP TRAINING EQUIPPING

6:00 – 7:00 PM

ON CAMPUS

Train & Multiply (T&M) was designed as a training method for lay people and potential Christian leaders to evangelize and broaden the reach of the church as a whole. T&M trains up new believers to become solid in their faith and then become leaders who will influence their culture and lead others to follow Jesus Christ. This method ascribes to the view that no one can influence a culture like those that are already members of it. T&M uses a simple, practical, reproducible leadership development process. The simplistic universality of T&M is what makes it such a powerful tool.
